A note about safety ...

Dear Parents,

We would like to take this opportunity to remind you of a very important safety consideration regarding after school pick up. If your regular after school routine changes we need to have this communicated to us in writing in the communication folder.

Even if your child knows the person you are sending to pick them up, if they are new to us we require your written consent.

In the absence of this written consent we will ask this person to wait while we get in touch with you by phone. We do understand that occasionally unforeseen circumstances make it difficult to write us a note. Should something occur during the day that requires you to make different arrangements for after school pick up please call the school and leave that information with the office. They will make sure we receive the message.

Please do not communicate this information via email.

We often do not get a chance to check our email throughout the school day!

Thank you for your assistance with this matter. Your child's safety is our #1 concern.

Sincerely,

Kindergarten Team
